Letter of Invitation

It is our pleasure to invite you to the
「2023 Knowledge Sharing Program Dissemination Conference」,
held at The Westin Josun Hotel Seoul, on September 11, 2023.

Since 2004, the Ministry of Economy and Finance (MOEF) of Korea and the Korea Development Institute (KDI) have carried out the 「Knowledge Sharing Program (KSP)」 designed to share Korea's development experience and to provide customized policy consultations to partner countries.

‘KSP Dissemination Conference’ has acted as a platform to share KSP outcomes and exchange insights on the global agenda among various stakeholders, including governments, academia, and businesses.

This year's conference is particularly focused on exploring the pivotal role of knowledge sharing as a platform for economic connectivity and stability.

For this purpose, the conference will invite high-level policymakers from partner countries, representatives from international organizations, as well as the domestic private sector and academia.

Distinguished guests, including Professor Jeffrey Sachs from the Columbia University will join to explore how to correspond to global challenges.

Also, in order to support attendance from all over the world, **the upcoming conference will be held in a hybrid format**, with delegates attending on-site and as well as online.

We look forward to your participation and support.

Choo Kyung-ho | Deputy Prime Minister and Minister of Economy and Finance, Republic of Korea
